### **PROFILE**

I have successfully completed my Bachelor's degree in Computer Applications, which laid the foundation for my career in technology. After graduation, I began my professional journey as an Associate Software Engineer and later advanced to the role of Software Engineer. Through these experiences, I have gained valuable skills and practical knowledge in software development and engineering, particularly in designing, building, and maintaining efficient software solutions.

Driven by a growing interest in Artificial Intelligence and Data Science, I am eager to expand my expertise in these fields and contribute to innovative projects in the technology sector.
